MAKE ROOM FOR EVERYDAY LIFE.

CIVIC FOLD

CIVIC FOLD

Neighborhood places. An identity built around the space between.

Make room for everyday life.

THE BRIEF

Create an identity for a small neighborhood developer: capable and grounded, with warmth at a human scale. Connect homes and local spaces through a coherent visual language that avoids a conventional roof icon.

THE RESPONSE

A shared top bar holds an architectural form together. The central void suggests a doorway and approach. Warm editorial type softens the structural wordmark; open frames connect publication, signage and digital.

Room for more than buildings.

Homes. Local spaces. The life between them.

A place begins with more than a footprint.
We look at the thresholds, shared corners and everyday routes that can bring it together.
